Milestone Rules: A Player who accumulates 80,000 in tournament chips ("The Milestone") or more will instantly be awarded one (1) Tournament Prize. Upon verification from Tournament Supervisor that the player has achieved the Milestone, the player will cease play, the total of his/her chips will be removed from play.

- The Tournament will conclude when the number of players remaining is equal to the number of $265 prizes generated based on the Tournament Prize Formula, less the amount of players who have previously won the prize by reaching the Milestone. Any Tournament prize pool residual funds, less than a $265 prize, will be paid to the last player eliminated prior to the conclusion of the Tournament.
- While the tournament staff will make the best effort to identify players as they achieve the Milestone, it is the responsibility of each individual entrant to notify the Dealer or Tournament Supervisor when they have reached 80,000 in tournament chips.
- A player who is dealt into a subsequent hand after achieving the Milestone will be required to complete the hand prior to being awarded the Tournament Prize. If, at the completion of the additional hand, a players' chip total falls below the Milestone they are not eligible to receive the Tournament Prize until their chip total is once again equal to or greater than 80,000.
- A Tournament Supervisor must be called to verify the tournament chip count of a player who is making a claim for a Tournament Prize. Players may request that a Tournament Supervisor count their stack at any time between hands.
- A player who assists another in counting their chip stack or notifying them that they have reached the Milestone is not in breach of the rules.
- Any form of collusion, including the removal of tournament chips from the table, may result in penalty up to and including disqualification.

Prize Certificates: Players may play multiple Satellites and win multiple Prizes. Tournament Prize earned through this Satellite is Transferable.

Milestone Rules: A Player who accumulates 180,000 in tournament chips ("The Milestone") in the standard satellite will have the option to instantly be awarded one (1) direct entry seat or continue to play the event. Upon verification from Tournament Supervisor that the player has achieved the Milestone, the player may cease play, the total of his/her chips will be removed from play and he/she will be awarded a direct entry seat into the $1,110 Main Event, or the player may continue to play until the conclusion of the tournament and elect to be awarded a $1,110 direct entry seat.

- The Tournament will conclude when the number of players remaining is equal to 1 in 5 of the total entries, less the number of players who have previously won the prize by reaching the Milestone and taking a seat.
- While the tournament staff will make the best effort to identify players as they achieve the Milestone, it is the responsibility of each individual entrant to notify the Dealer or Tournament Supervisor when they have reached 180,000 in tournament chips.
- A player who is dealt into a subsequent hand after achieving the Milestone will be required to complete the hand prior to being awarded the Tournament Prize. If, at the completion of the additional hand, a players' chip total falls below the Milestone they are not eligible to receive the Tournament Prize until their chip total is once again equal to or greater than 180,000.
- A Tournament Supervisor must be called to verify the tournament chip count of a player who is making a claim for a Tournament Prize. Players may request that a Tournament Supervisor count their stack at any time between hands.
- A player who assists another in counting their chip stack or notifying them that they have reached the Milestone is not in breach of the rules.
